SUMMARY

Am a Software Engineer currently pursuing my graduation, equipped with hands-on skills in Java, Python, and Flutter for Android development. I thrive on exploring new challenges in the tech industry and am eager to contribute to innovative projects that enhance user experience. My experience in web development and project design has allowed me to implement creative solutions and work collaboratively with diverse teams

EXPERIENCE

Front-End Web/Template Developer

05/2020 - 06/2022 Unspecified

Front-End Web/Template Developer

- Developed a full-featured, multi-page website using HTML, CSS, and JavaScript
